- _____ 3. A signed statement from the landowner stating that the structure cannot be feasibly rehabilitated to meet a permitted use.

REVIEW CRITERIA

The following are the review criteria set forth in §322.D of the Zoning Ordinance. The submitted narrative should be framed in this context. The decision will be based on consideration of all factors.

- It is not feasible to continue the current use.
- Other uses permitted within the underlying zoning district, either as permitted uses, special exception uses, or conditional uses, have been denied or are not feasible due to constraints on the building or structure.
- Adaptive use opportunities do not exist due to constraints related to the building, structure or property.
- The building, it's permitted uses, and adaptive use potential does not provide a reasonable rate of return, based on a reasonable initial investment. Such reasonable rate of return shall be calculated with respect to the property taken as a whole.
- The Applicant has not contributed to the existing conditions, either through neglect or prior renovation, conversion, alteration or similar physical action.
- The demolition will not adversely affect the character of the property, streetscape, neighborhood or community.
- A proposed new building, structure or use (if applicable) on or of the property will not adversely affect the character of the streetscape, neighborhood or community.
- The building is structurally unsound.
- The denial of demolition would result in unreasonable economic hardship to the owner.
- Sale of the building or structure is impossible or impractical.
- Denial of demolition will deprive the property as a whole of all beneficial use

Lititz Borough Council, in approving conditional use applications, may attach conditions considered necessary to protect the public welfare and implement the purposes of the Zoning Ordinance, including conditions which are more restrictive than those established for other uses in the same Zone. These conditions shall be enforceable by the Zoning Officer, and failure to comply with such conditions shall constitute a violation and be subject to the penalties.

While conditional use approval may be granted, a demolition permit shall not be issued until the associated land development plan has been recorded by the Lancaster County Recorder of Deeds office.
